

SNRC WRAMC Bader Client Overview

Overview

The Spaulding National Research Center - Walter Reed Army Medical Center Bader Client (SNRC WRAMC Bader Client) is a biofeedback application that works in conjunction with [Visual3DServer](#). It is used to give real time feedback based on an individual's movements. It was created in collaboration with:

- Spaulding National Research Center;
- Walter Reed Army Medical Center; and
- the BADER Consortium.
